Dear Valued Customer,

Further to our Advisory#6 regarding the implementation of an Emergency Fuel Surcharge, the fuel market has experienced a significant surge driven by escalating geopolitical tensions in the Near and Middle East. As a result, we would like to inform you that the EFS quantum that took effect on March 16 will be revised as of March 27, as follows.

Scope	Direction	Dry (\$/TEU)	Reefer (\$/TEU)	Dry (€/TEU)	Reefer (€/TEU)	Out Of Gauge (\$ per 20/40)	Breakbulk excl. ro-ro (\$/TEU used+lost)
All Long Hauls	Head Hauls	265	320	230	275	450/900	265
	Back Hauls	130	155	110	135	155/310	130
All Intra-Regional Trades	—	130	155	110	135	155/310	130

These revised amounts for the EFS will take effect from March 27, 2026 (based on loading date), subject to regulatory approvals where required, and will remain applicable until further notice. Until then, the amounts currently in place, as detailed in Advisory 6, will apply.

We thank you for your continued trust. CMA CGM remains committed to supporting your supply chains and maintaining a high level of service.

Sincerely,

CMA CGM JSC.
